Dubai (UAE) 10 th feb 2013

On the occasion of "2nd International Open Karate Championships" I was invited to make a report on the game sports, which recorded an impressive number of participants, more than 1045 participants from 46 countries in the name. The frame is the host of the famous Stadium Rashid Stadium in Dubai city center, better known to most people, to be the club where he found work as a manager, the golden ball Fabio Cannavaro from 2 June 2010. Under the patronage of H. H Sheikh Hamdan Bin Mohammed Bin Rashid Maktoum, Crown Prince of Dubai. The handsome prince is one of the single most coveted in the world. The budget for a magnificent race of minor sport, which is considered the karate with over \$ 100,000 in prize money. Honored by the presence of the presidents of the World Federation Espinosa, YU Zaiqing Asian federation, the General Secretary of the Central Asia Nataliya Klimenco, the president of the federation of karate for holding functions or seminars Arab Emirates Abdulrazaq Alrazooqi Nasser Abdullah Al Naboodah, Al Ahli club manager, Daej Jassen Raisi, vice TKF president the UAE, at the presence WKF referees, as R. Lowinger, J. Escalane, R. Ortega. M. Azzaoui, F. Madani, J. Mantilla, Con Kassis, R. Hamara. That Arabs are warm hostes is demonstrated by the choice of hotel to 5 stars, my host, the perfect arrangement for transport, the choice of restaurants where you can taste local delicacies or other culinary Arab extraction. My attention was captured, among other things, by invitation, wonderful, having witnessed since 1995 to hundreds of leagues I can not emphasize the accuracy of the calls, the paper quality, the graphics appealing and cropping precise form of the tower in Dubai, and of course the gold color that prevails everywhere, including included on the letter of invitation. the championship is played on 5 tatami, in the presence of 6 official photographers 11 videocameras plus 3 Dubai Sports anchormen, a sudanese network with indian operators local network, and X-Kombat. The level is immediately revealed very interesting because the Iranians, who have finally decided to join with the female group. which thanks to the latest decision of the WKF can compete with the hijab (veil) which was much talked about during the London Olympics for Judoka Arabia. Only nation able to counter Iran is Egypt which boasts among the many other samples of junior and senior WKF circuit, the circuit African Games, Games Arabic and African championships. Recall that both Iran and Egypt have always gotten goals sinificativi in continental championships but also worldwide. Remember use of many, when IRAN in 2003 during the world junior championship held in Marseille (France) won the medal with the men's team only. Only time in the history of modern karate.

Egypt won the gold medals medaglier with 15, ahead of fierce Russia who won six gold medals, the United Arab Emirates come third with six gold medals. Very interesting is the participation of athletes with disabilities. Karate has always been careful mostrato the less fortunate, and it shows devoting a special section, which saw the winner of the Iranian partecipazione Sazedian of Moroccan Mahmodi, runner, French Sebbak, third place, the Scottish Darvell, four classified Indian Kwatra, fifth place and Belgian Delrez, the only woman in garra. A sense about their sport, able to overcome any barrier.

Absolutely speechless, the opening ceremony. A mix between karate and scenery areas.

Great championships, high karate levell, big numbers wait for you at the third Dubai Karate International karate championships 2014, great job of M. Abbas, Z. Metyout, Dr.A. Halawish.
